All professionals face challenges. Research and experience have taught Nicole that women face specific obstacles more often than their male counterparts. As an experienced empowerment speaker, Nicole delivers entertaining keynotes that offer pragmatic tools attendees can use immediately to become even *more* successful!

Get Out of Your Own Way

Conquer Career Limiting Behaviors

Nicole reveals the most common career limiting behaviors for women and research backed, real-world tactics to eliminate them once and for all. Learn how to embrace self-advocacy and self-promotion, while dialing down perfectionism and other limiting behaviors!

Grace Under Fire: Conflict is Opportunity

Develop Healthier Conflict Skills

Conflict is inevitable - at least healthy conflict *should* be. Women focus on communal outcomes, which makes them uniquely qualified to manage conflicts successfully. Nicole identifies common conflict triggers and helps leaders hone their more "helpful" responses so they can approach conflict with more grace, skill, and confidence.
